

ABOUT THE DEPARTMENT OF OTOLARYNGOLOGY-HEAD AND NECK SURGERY

The Temple University Department of Otolaryngology-Head and Neck Surgery has a rich history dating back almost a century. Today, faculty physicians deliver compassionate and cutting-edge medical and surgical care across the range of the specialty of otolaryngology-head and neck surgery. Temple otolaryngologists have advanced training and extensive experience in all aspects of the field, including pediatric otolaryngology, otology and neurotology, rhinology, allergy, laryngology, head and neck surgery and facial plastic and reconstructive surgery. The department offers a comprehensive otolaryngology-head and neck surgery educational program for residents and medical students, as well as advanced programs in continuing medical education designed to provide ongoing training to practicing physicians and allied health personnel. The department values innovation, with an emphasis on clinical and basic science research. Faculty and residents are actively involved in research as a core component of the specialty, frequently publishing findings in peer-reviewed journals and presenting at local, regional, national and international meetings.

ABOUT DR. SCHMALBACH

Cecelia E. Schmalbach, MD, MSc, FACS earned her medical degree from Jefferson Medical College. After finishing her otolaryngology residency at the University of Michigan—during which she earned a Master of Science in Clinical Research Design & Statistics—Dr. Schmalbach completed her head and neck (H&N)-microvascular surgery fellowship at Vanderbilt University.

Dr. Schmalbach previously served as the Indiana University Vice Chair of Otolaryngology and H&N Surgery Division Chief. She is the former otolaryngology program director at the University of Alabama in Birmingham and served eight years active duty in the U.S. Air Force at the San Antonio Military Medical Center where she was Director of Research, Chief Ombudsman and deployed in support of Operation Enduring Freedom (Afghanistan). She held faculty appointments in Plastic Surgery and Otolaryngology at the University of Texas San Antonio during that time.

Dr. Schmalbach is recognized for her expertise in HN cutaneous cancers and has extensive experience in endocrine surgery, mucosal neoplasms and facial trauma. Her scientific contributions include research in sentinel node biopsy, advanced skin cancer management and patient safety/quality improvement. She served as the Deputy Editor for Otolaryngology-Head & Neck Surgery, is the national Coordinator of Research & Quality for the American Academy of Otolaryngology (AAO-HNS/F) and Chair of the Skin Cancer/Melanoma Section for the American Head and Neck Society. She is a fellow of the American College of Surgeons and recipient of numerous awards including: the AAO-HNS/F Distinguished Service Award, AAO-HNS/F Cochrane Scholar Award, United States Air Force Meritorious Service Medal and NATO Medal.

CECELIA E. SCHMALBACH, MD, MSc, FACS

Investiture Honoree

ABOUT THE DAVID MYERS, M.D. PROFESSOR AND CHAIR IN OTOLARYNGOLOGY-HEAD AND NECK SURGERY

The David Myers, M.D. Professor and Chair in Otolaryngology-Head and Neck Surgery honors Dr. David Myers, a former Chair of Temple Otorhinology. Established by Eugene N. Myers, MD '60, FACS, FRCS Edin (Hon.), and his wife, Barbara, the chair will support in perpetuity the department's excellence and innovation in clinical care, research and medical training.

Dr. Eugene Myers earned his medical degree from Temple in 1960. Distinguished Professor and Emeritus Chair of the Department of Otolaryngology of the University of Pittsburgh School of Medicine, Dr. Myers is a specialist in Head and Neck Cancer Surgery. He is a past President of the American Board of Otolaryngology, the American Academy of Otolaryngology-Head and Neck Surgery, the American Head and Neck Society, the American Laryngological Society and the Pan American Society of Otolaryngology-Head and Neck Surgery.
