APRIL 22ND | 6 P.M.
LECTURE ROOM 7, ANDERSON HALL
TEMPLE UNIVERSITY

EARTH DAY EVENT

WITH A SPECIAL SCREENING OF DOMINION

Come join us for a special screening and discussion of the 2018 documentary which exposes the dark underbelly of modern animal agriculture through drones, hidden & handheld cameras, as it explores the morality and validity of our dominion over the animal kingdom. What better way to celebrate our EARTH than to reconsider how we treat our fellow EARTHLINGS.
