

Narcan:

Opioid Overdose Reversal Training

THREE dates available! RSVP for the date that is best for you:

RSVP for 9/10/20 at 2PM ET [Here](#)

RSVP for 9/17/20 at 12:30PM ET [Here](#)

RSVP for 9/30/20 at 7:15PM ET [Here](#)

Participants will learn:

- How to recognize harm-reduction approaches to high-risk behaviors, including substance use
- The importance of substance use narratives
- The immediate protocols for effectively administering Naloxone (Narcan), the life-saving medication developed to help prevent fatal opioid overdoses
- The importance of the Good Samaritan Act 139 and the Commonwealth of Pennsylvania's Standing Order for Naloxone (Narcan)
- To view addiction as a chronic disease
