

PROFESSIONAL SCIENCE MASTER'S IN GEOGRAPHIC INFORMATION SYSTEMS

TEMPLE
UNIVERSITY
College of Liberal Arts

Information Session for International Students

Geographic Information Systems (GIS) is the study and analysis of spatial information. You've used GIS if you've ever:

- Used a GPS
- Uploaded a photo with your location
- Searched for a nearby restaurant

Date: Wednesday, Feb 8th
Time: Noon– 1 pm
310A Gladfelter Hall

Lunch will be provided!

Learn more about this great new opportunity:

- **One year** Master's program or 4-course certificate
- **35%** annual job growth
- Cutting-edge skills in a **STEM** field
- Make you **more competitive** on the job market
