The panel discussion will be an opportunity to hear from four Council of Library and Information Resources postdoctoral fellows located at research universities and liberal art colleges around the country. Each CLIR fellow will talk about their doctoral research and their postdoctoral career path, before we turn to a discussion followed by Q&A focused on professionalization in academia, the changing nature of doctoral study, and the opportunities available for graduates to find fulfilling and meaningful employment in the current era.

Tuesday, March 12, 3:30 - 5 pm
CHAT Lounge, 10th Floor, Gladfelter Hall
