

# Equity Series for EDUCATIONAL LEADERS

As our PreK-12 schools endure the educational effects of remote and hybrid learning for 18 months, concerns are being raised by our educational leaders on the current racial equity concerns districts need to consider and the long-term strategic thinking that needs to be employed to sustain a racial equity focus. Temple University's faculty in Educational Leadership and Policy are convening a three-part series to provide examples of developing racial equity goals and metrics.

## SESSION 3: Planning for 2021-22 Racial Equity Goals

Tuesday, May 25, 3:00-5:00 p.m.

### PRESENTERS:

#### **Betheny Gross**
